THE LAB 100M · 12 MIN READ

THE MATH OF 100 METRES.

Reaction, acceleration, top speed and the fight to hold it — a race that lasts under ten seconds, broken down phase by phase.

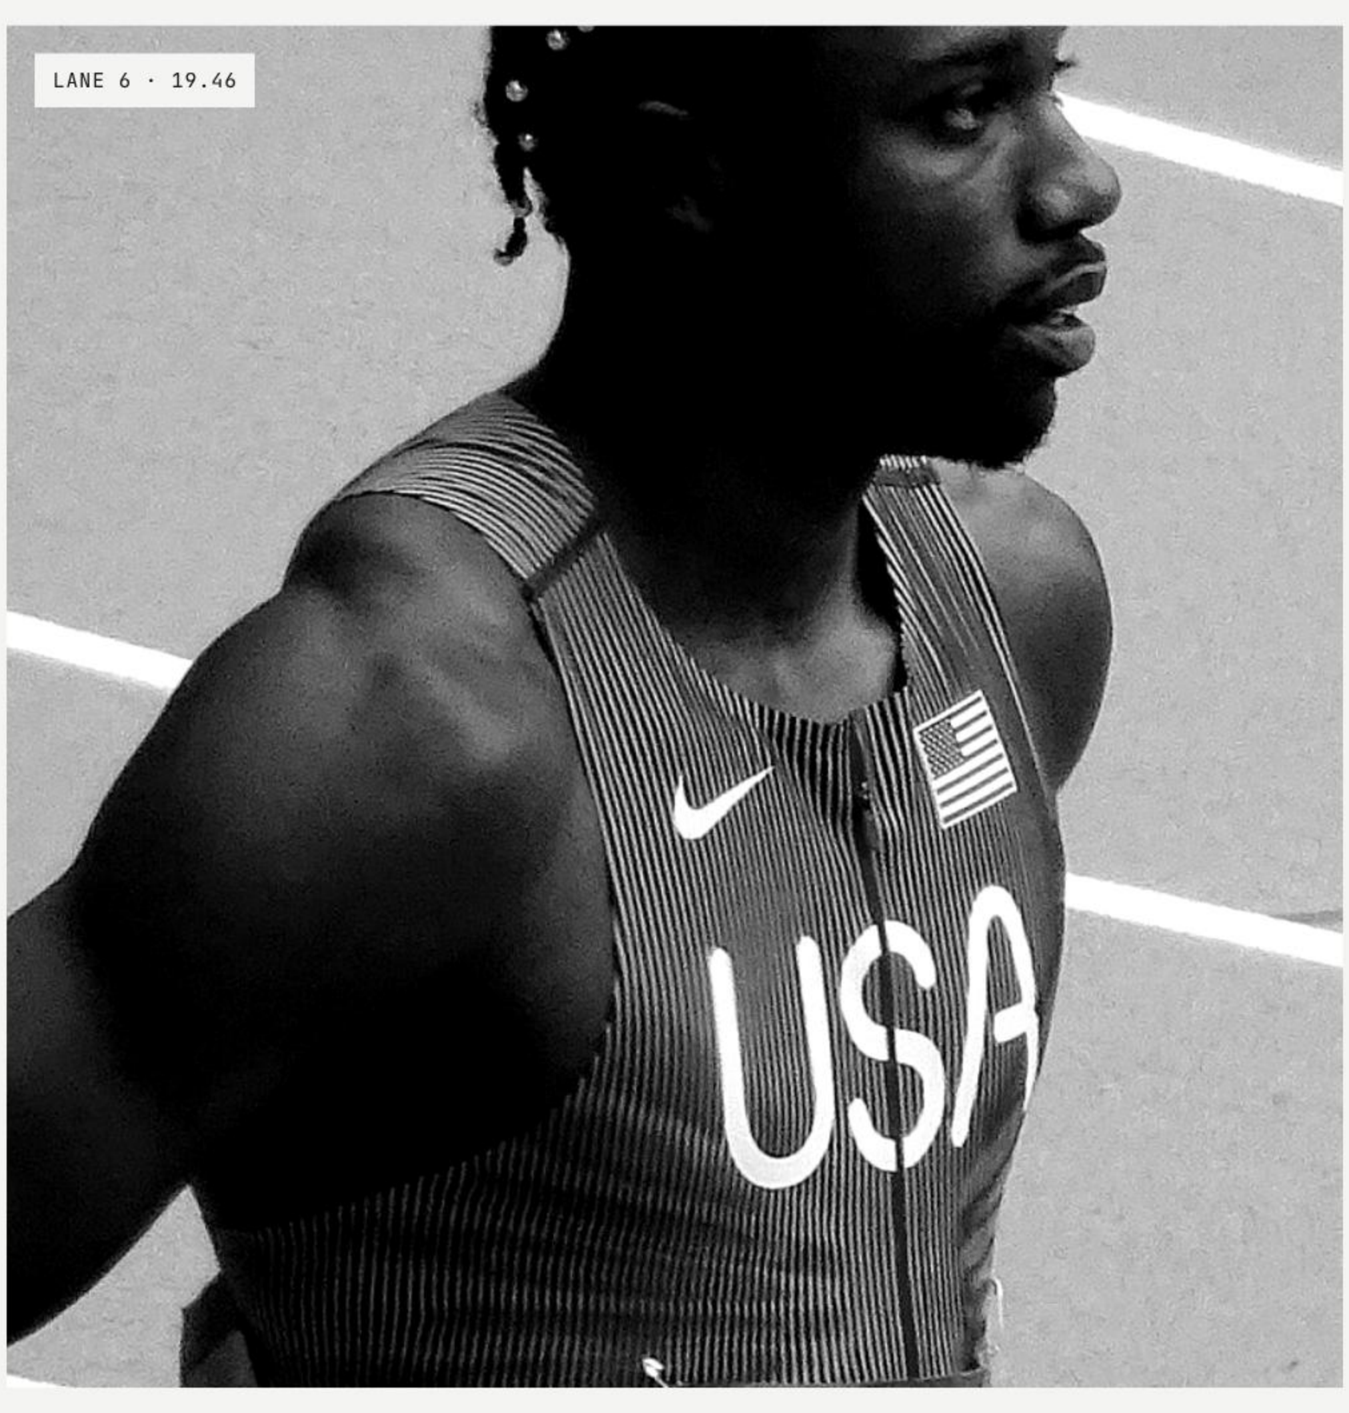
02 LATEST

ALL | RACES | LAB | ATHLETES | CULTURE



RACES · 200M 7 NOV · 8 MIN

The bend: why the 200m is two races joined at the curve

Centrifugal force costs the inside lanes up to a tenth. The best 200m runners learn to lean into it, then let go.

400M 7 NOV · 6 MIN

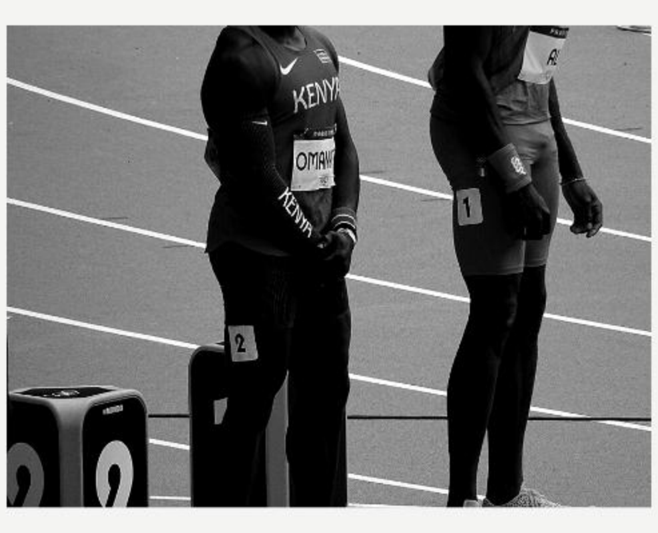
One lap, three races: dividing the 400m

60M 6 NOV · 5 MIN

What the 60m reveals that the 100m hides

ATHLETES 6 NOV · 7 MIN

From long jump pit to Olympic champion



CULTURE 5 NOV · 4 MIN

The quiet ritual of setting the blocks
